PROFILE

Communications Specialist and Brand Manager with +90 % brand compliance achieved through newly established style guide governance, across private banking, agency and public health administration. I independently conceive and produce on- and offline communication materials, from campaigns to brand identity, with a strong sense for language and visual impact. I translate complex content into precise messaging for demanding audiences and carry brand projects from initial idea through to execution, most recently with my own brand, Project Nr. 13.

PROFESSIONAL EXPERIENCE

Project Nr. 13, Zurich/Bern

01/2026 – present

Brand Owner — Professionalizing a creative brand active since 2019

- Built the website projectnr13.ch independently from concept to launch: archive of 50+ curated works, contact form, SEO setup and legal foundations (imprint, privacy policy) fully implemented without an agency or development team.
- Independently managed the brand identity of Project Nr. 13: visual system, editorial content (blog article on artist-brand collaborations) and channel strategy across LinkedIn and Instagram developed and published single-handedly.

Private Bank Bergos AG, Zurich

04/2025 – 12/2025

Communications Specialist & Brand Manager

- Built a Brand Center with CI/CD governance across all touchpoints and served as the central approval authority for all brand-related assets: templates and digital asset library consolidated on SharePoint. (Result: ~30–40% search time, +90% brand compliance, +40% usage.)
- Responsible for integrated marketing campaigns for HNWI target groups, visually and editorially: imagery, layout and typography for social media, podcast, print and presentations, in collaboration with internal stakeholders and external agencies. (Result: +3.2% engagement rate, +15% qualified decision-makers.)
- Managed website and CMS (WordPress): responsible for SEO copy and document management; contributed input on the further development of brand strategy.

socialdesign ag, Bern

07/2024 – 03/2025

Communications Manager & Project Coordinator

- Developed AI-supported workflows for proposal creation: enabled management and teams in productive AI use. (Result: 75 to 85% efficiency gain, output increased from 2 to 5 proposals per unit.)
- Conceived and implemented cross-channel campaigns (web, newsletter, LinkedIn). (Result: engagement rate increased to 1.8%.)
- Conceived and communicated a professional seminar with the University of St. Gallen: independently responsible for invitation design, website presence and LinkedIn.

Cantonal Medical Service, Bern

11/2020 – 04/2024

Senior Communications & Digitalisation Officer

- Led and digitalized the HPV vaccination program: created and published communication materials (letters, flyers, website content) for seven target groups. (Vaccination rate girls 59%→71%, boys 17%→49%, as of 2022.)
- Co-developed the KI@BE AI core group of the State Chancellery; developed implementation concepts for AI in health administration; co-responsible for online editorial content and intranet presence of the GSI.

Salvation Army, Bern

08/2019 – 09/2020

Civilian Service

EDUCATION

HWZ University of Applied Sciences in Business Administration, Zurich

09/2021 – 09/2025

B.Sc. Business Communications

- Best Bachelor Thesis of the 2025 cohort, grade 6.0: Artist-brand collaborations in luxury and mass markets.

École Supérieure de Commerce, La Neuveville

2015 – 2019

Federal Vocational Baccalaureate (Commerce)

Swiss Federal Railways (SBB), Bern

08/2018 – 07/2019
